

ADAM, el módulo de recursos digitales de ALEPH

**III Reunión de Usuarios de Ex Libris de Chile
Antofagasta | Julio 2008**

Alfredo Bronsoiler

*Grupo
Sistemas Lógicos,
S.A. de C.V.*

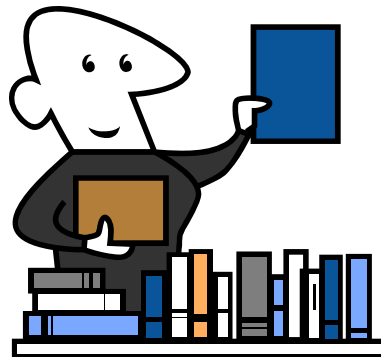

Qué es ADAM?

El módulo de recursos digitales de ALEPH (ADAM) permite a las bibliotecas gestionar recursos digitales y sus metadatos asociados dentro del ambiente de ALEPH.

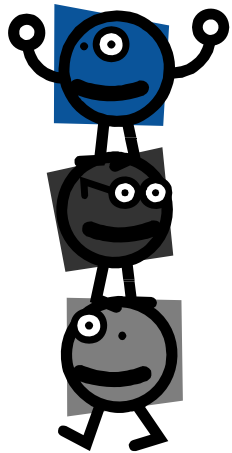

ADAM

El nuevo foco de las bibliotecas es la integración de sus materiales. Los libros y publicaciones seriadas coexisten con video, imágenes y sonido.

ADAM está basado en este enfoque. Utilizando el módulo Catalogación de ALEPH, las bibliotecas pueden cargar objetos digitales, crear datos bibliográficos asociados y agregar derechos técnicos y metadatos de preservación relevantes.

Componentes de ADAM

The screenshot shows a web browser window with the address bar containing the URL: http://ram11:8992/exlibris/aleph/a18_2/apache_media/V98DE45INVQ7HJAH13QLE5AHYL1GVV.doc. The browser title is "Microsoft Inter...". The document content is titled "Portland Architectural Styles".

Portland Architectural Styles

E.J. Ellison Bungalow at 1803 NE Thompson Street.

In the last few decades of the twentieth century, the city of Portland has experienced a rising prosperity and a growing population. This influx of people has brought with it an array of new commercial and residential developments. Some of the new residential areas are modest in size, and a considerable number command impressive prices and offering every amenity in size and contrivance.

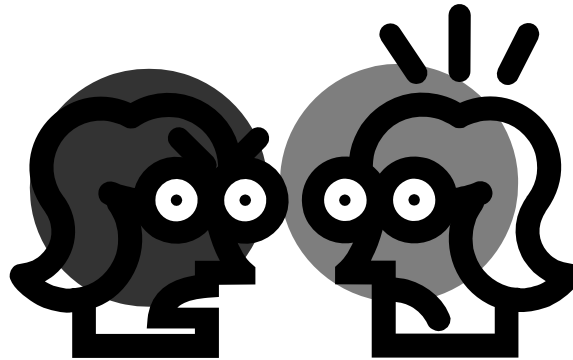

[The Street of Dreams](#) is the Home Builders Association of Metropolitan Portland showcase. In 1975 it was the first home show of its kind, a showcase of dream homes with innovative designs and new products. Now, there are many Street of Dreams shows across the country, many copies of Portland's success.

Density

Portland is trying to avoid urban sprawl by increasing housing density mainly using [UGB](#) (Urban Boundary Areas) as the tool. Whether this has been effective is still being debated. [Home Builders Association of Metropolitan Portland](#) wants more of the farmland in which to develop

Items vs. Objetos

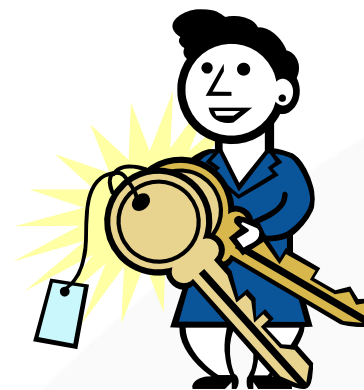

Logicamente hablando, no existe mucha diferencia entre un item y un objeto. Por ejemplo, ambos tienen políticas de circulación. Mejor aún, existe un poco de flexibilidad relacionada con los objetos digitales. Esto se obtiene colocando los objetos bajo la base bibliográfica.

Gestión de Derechos digitales (DRM)

Uno de los propósitos principales en la gestión de recursos digitales es **controlar** la **distribución** y el **acceso** a este tipo de materiales.

La gestión tradicional de derechos de materiales físicos saca provecho de las características físicas de los materiales, que ofrece ciertas restricciones inherentes.

DRM: Búsqueda y presentación

Copyrights Information

Notice: Warning Concerning Copyright Restrictions
(Please read the above before viewing external sources)

The Copyright law of the United States (Title 17, U.S. Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or other reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for or later uses a photocopy or reproduction for purposes in excess of "fair use", that user may be liable for copyright infringement. This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of the copyright law.

I have read the above statement and agree to abide by its restrictions.

Búsqueda y presentación: GUI

The screenshot displays the ALEPH Cataloging interface, Version 18.01. The window title is 'Library: USM01 - USMARC Bibliographic (USM01) Server: 10.1.235.11:6992 (18.)'. The main window shows a record for 'VM System No. 51488 Emerald Lake. (Kuptiev, Sami.)'. The record details are as follows:

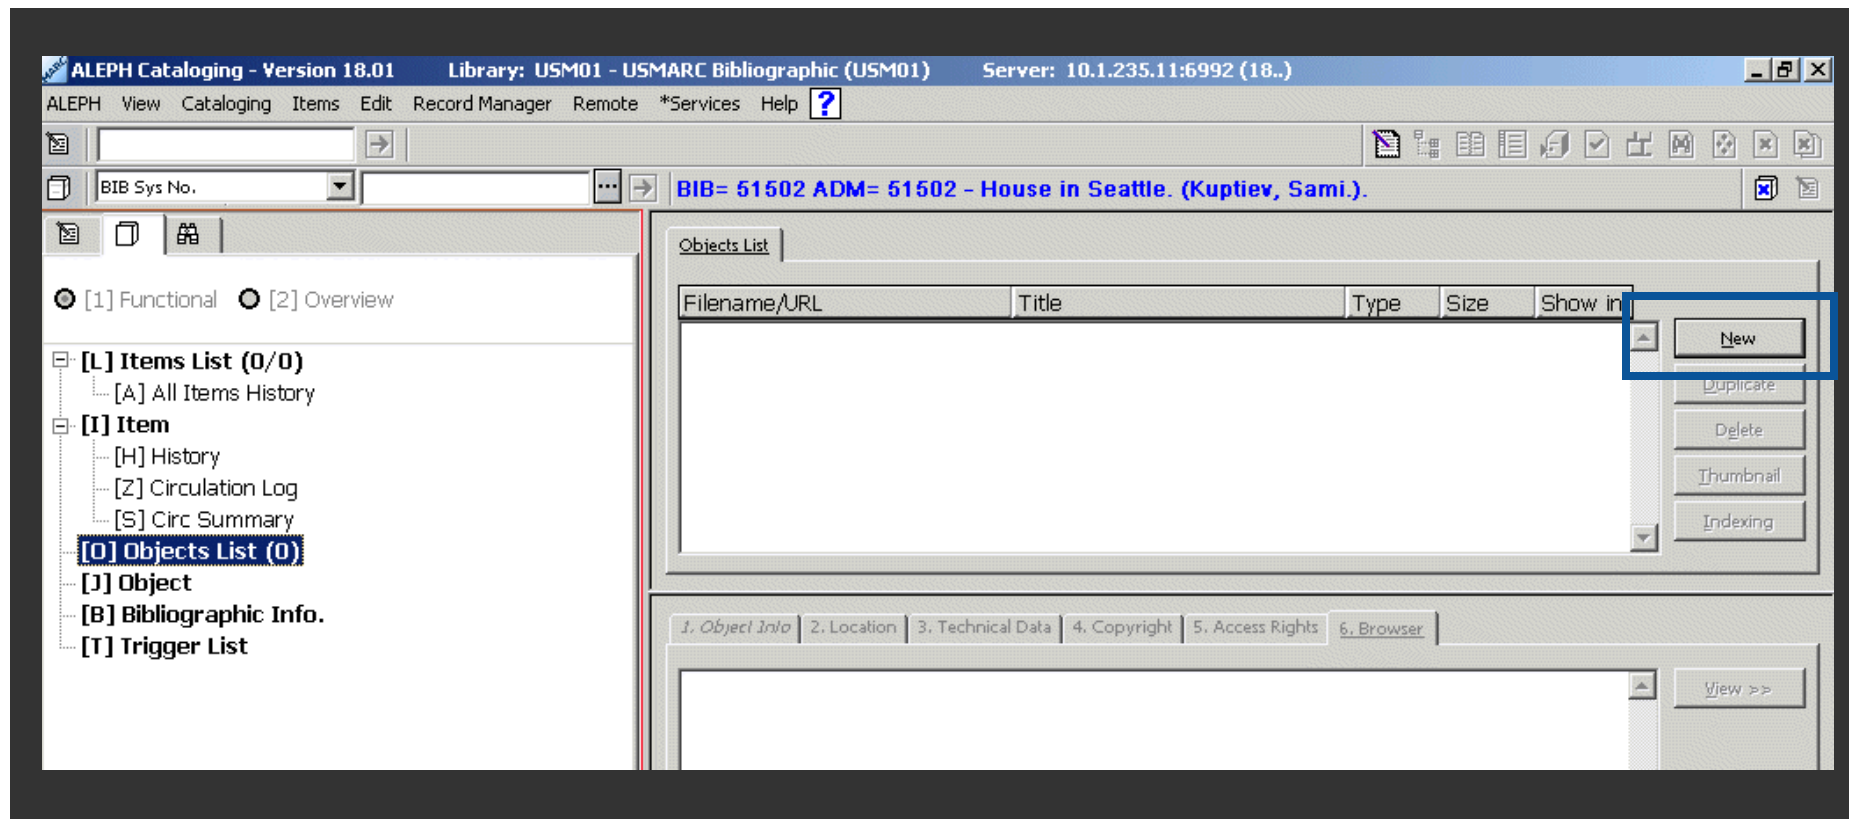

<i>Leader</i>	LDR	---	00000nkm^a22^^^^^^a^4500
<i>Control No.</i>	001	---	000051488
<i>Date and Time</i>	005	---	20050307140644.0
<i>Phys. Descrip.</i>	007	---	kh^bc^^^^
<i>Fixed Data</i>	008	---	041209m20041873ctunnn^^^^^^f000^kneng^d
<i>Local Call No.</i>	090	---	nla.pic-an24931032
<i>Personal Name</i>	100	---	a Kuptiev, Sami.
<i>Main Title</i>	245	00	a Emerald Lake.
<i>Imprint</i>	260	---	b National Library of Australia, c 2004.
<i>Physical Des.</i>	300	---	a 1 photograph : col. ; 18.9 x 29.0 cm., on mount 14.6 x 55.3 cm.
<i>General Note</i>	500	0	a Title supplied by photographer.; Also available in an electronic version via the Internet at: http://www.trekearth.com/
<i>Subject-top. Term</i>	650	0	a Landscape
<i>Owner</i>	OWN	---	a PUBLIC

The interface also includes a left-hand navigation pane with options like '[R] Edit Records', '[I] Import Records', and '[T] Triggers'. Below this, a tree view shows the record structure: 'USM01 - 51488' containing 'OBJECTS', 'jpg - Emerald Lake', and 'url - Emerald Lake Park - O...'. At the bottom, there are tabs for '1. Messages', '2. Tag Information', '3. Browser', '4. HOL Records', and '5. Objects'. The '5. Objects' tab is active, showing a dropdown menu for 'Object Titles' with 'jpg - Emerald Lake' selected. Below the dropdown is a large image of a turquoise lake surrounded by a dense forest of evergreen trees.

Ver PDF

The screenshot shows a PDF viewer window with a menu bar (Archivo, Edición, Ver, Documento, Herramientas, Ventana, Ayuda) and a toolbar. The left sidebar contains a table of contents under 'Marcadores' and 'Páginas', listing sections like 'Introduction', 'The modified power sensitivity model', 'Formulation of the optimal power flow p', 'Formulation of the optimal power flow', 'Sensitivity analysis', 'Analysis of the results', 'Dynamic performance of AGC for OE', 'Active dispatch to IEEE 162-bus sys', 'Conclusion', 'Acknowledgements', and 'References'. The main content area displays the document's title page, which includes the Elsevier logo, ScienceDirect logo, and the title 'An approach of optimal sensitivity applied in the tertiary loop of the automatic generation control' by Edmarcio A. Belati^a, Dilson A. Alves^b, and Geraldo R.M. da Costa^{c,*}. The abstract states: 'This paper proposes an approach of optimal sensitivity applied in the tertiary loop of the automatic generation control. The approach is based on the theorem of non-linear perturbation. From an optimal operation point obtained by an optimal power flow a new optimal operation point is directly determined after a perturbation, i.e., without the necessity of an iterative process. This new optimal operation point satisfies the constraints of the problem for small perturbation in the loads. The participation factors and the voltage set point of the automatic voltage regulators (AVR) of the generators are determined by the technique of optimal sensitivity, considering the effects of the active power losses minimization and the network constraints. The participation factors and voltage set point of the generators are supplied directly to a computational program of dynamic simulation of the automatic generation control, named by power sensitivity mode. Test results are presented to show the good performance of this approach. © 2008 Elsevier B.V. All rights reserved.' The keywords are: Automatic generation control; Load frequency control; Area control error; Optimal power flow; Active power loss minimization. The introduction section begins with: 'The automatic and economic operation of the electric power system has been realized by the Automatic Generation Control (AGC), which is composed of both the load frequency control (LFC) and the economic dispatch (ED). The objective of LFC, which corresponds to the secondary control, is to maintain the dynamic balance between the generation and the demand while keeping the system frequency and the area interchange close'.

Primo: nuevas opciones de búsqueda para una nueva generación de usuarios

Requerimientos cambiantes de los usuarios.....

Hay otras alternativas atractivas

Los datos controlados por la biblioteca
están fragmentados

Las opciones para el usuario son
obsoletas

La respuesta

Adherirse al tipo de interfase que la gente conoce y le gusta

Consolidar los datos

Proveer los servicios mas apropiados

¿Cómo podemos hacerlo?

Asegurar la calidad y relevancia de los datos y de los servicios

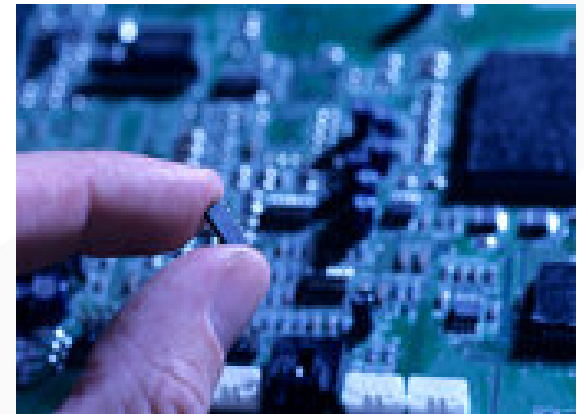

Usar los datos en una forma innovadora

Usar datos adicionales para complementar los que tenemos

Usar componentes de software adicionales cuando son necesarios

Usar aportaciones de la comunidad

Integrar

La solución: Primo

Lo mejor de los dos mundos:

Ventajas del mundo Internet...

Un solo punto de búsqueda

Búsqueda rápida, simple y poderos

**“Quería decir?”, relevancia, guía
y recomendaciones...**

**Herramientas colaborativas,
computación social**

Recursos relevantes y de calidad

Conjuntos ricos de información

**La búsqueda es solo el medio;
acceso y entrega son las
metas**

...en un contexto de biblioteca

La solución

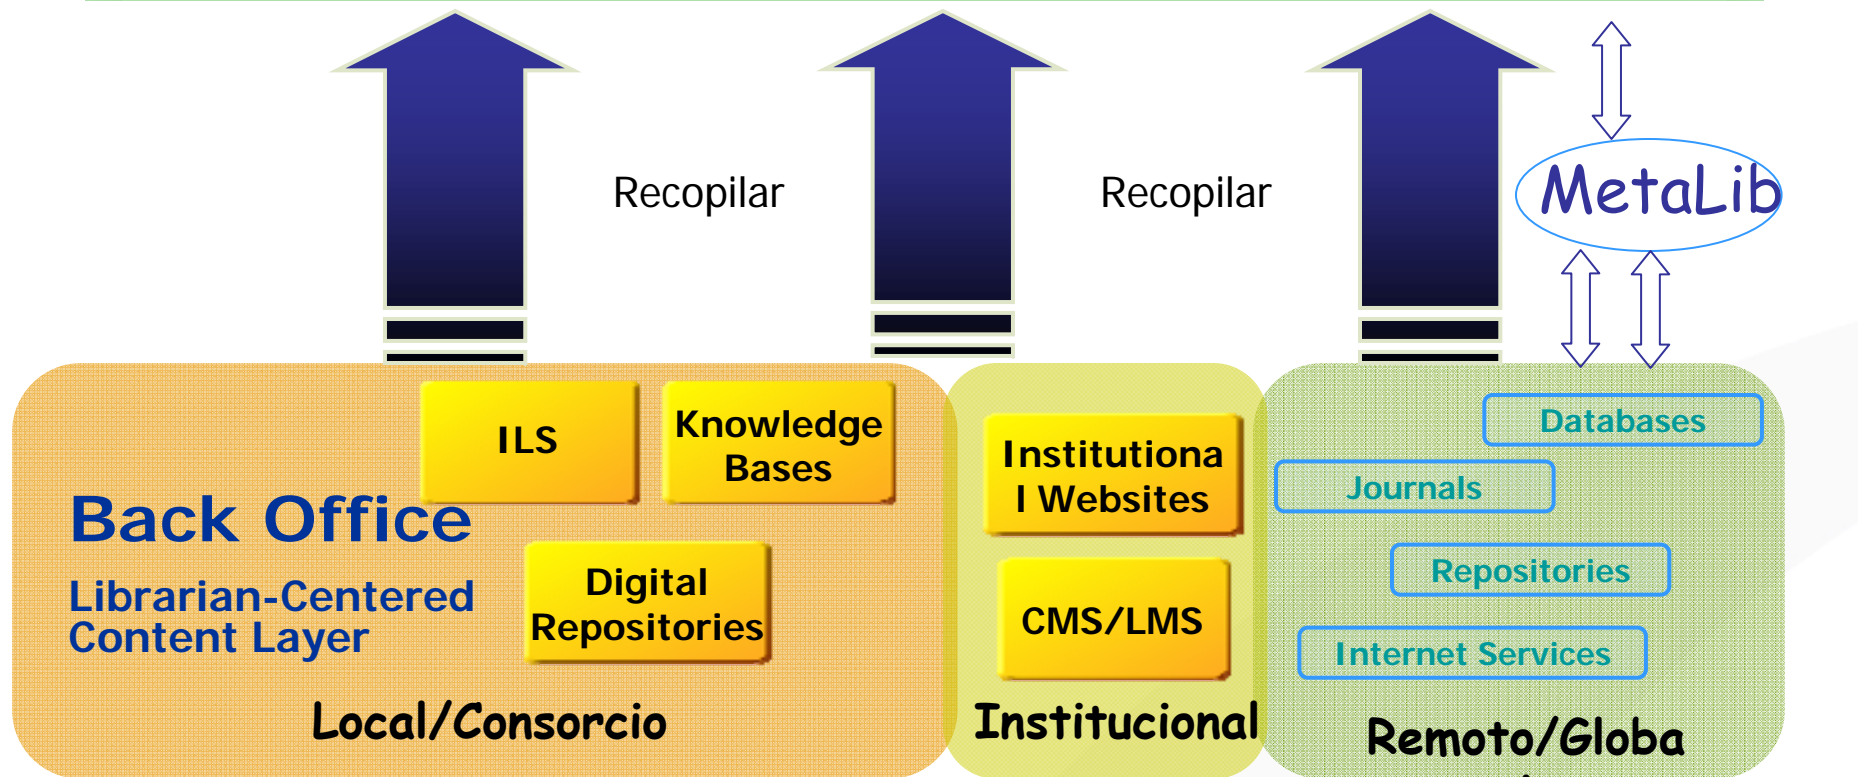

..... separar la aplicación para el usuario de la solución administrativa de la biblioteca, dividiendo la creación de datos y su mantenimiento, de la búsqueda.

Nueva Arquitectura: Separar la búsqueda de los sistemas administrativos

Frontal:

Usuario final
Capa de
Servicios

Primo: Descubrimiento y Entrega

Primo: Conceptos clave

- El enfoque es en el usuario; el diseño con el usuario como foco es esencial
- Mas allá del descubrimiento, la entrega es la clave
- Conceptos Web 2.0 incorporados en la experiencia del usuario en Primo
- Funciones de computación social – mercado, ranqueo, reseñas – colaboración

Primo: conceptos clave

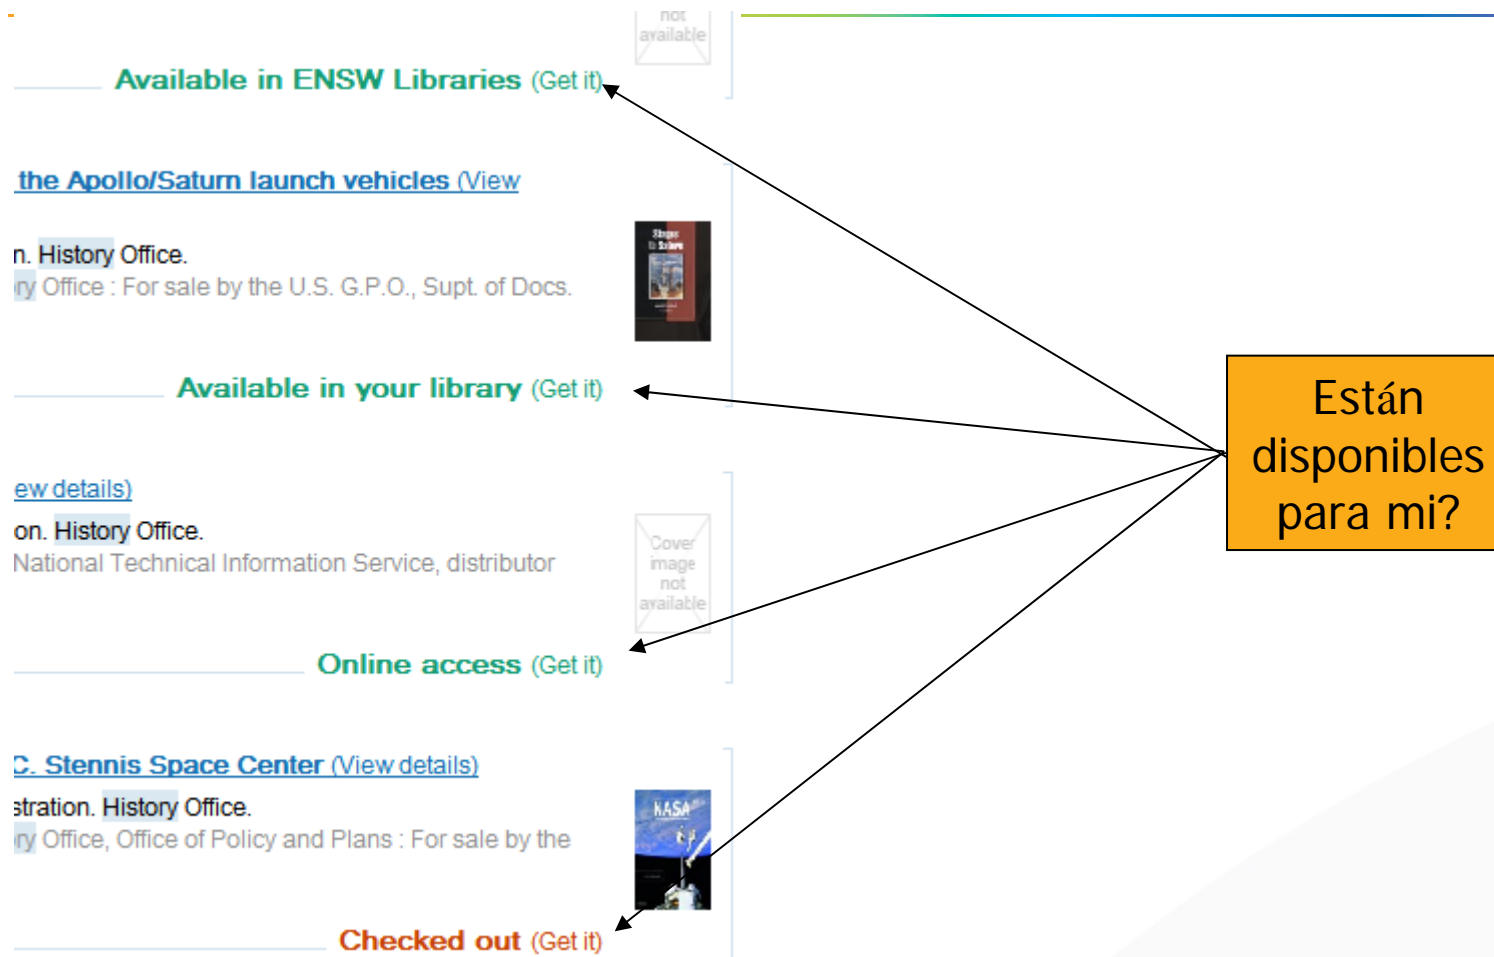

Todos los materiales de la biblioteca disponibles a través de una sola interfase (catálogo de biblioteca, repositorios digitales, revistas electrónicas, sitios web)

Búsqueda difusa, “¿Querías decir?”, sugerencias, relevancia, ranqueo, y búsqueda por “facets” (agrupamientos)

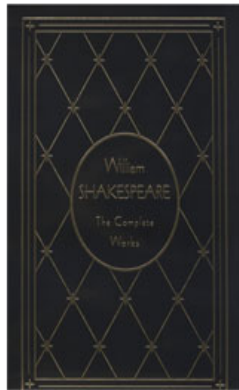

Información de la disponibilidad mostrada junto con los resultados de la búsqueda

Servicio “obtenlo” sugiere la mejor opción para obtener el material — sin importar su tipo o ubicación

Resultados sensibles al contexto

Colaboración de usuarios – marcado, reseñas, etc....

William Shakespeare: The Complete Works (Deluxe edition)

Reviews:

• **Richard Evans** rated this item **10/10** (21.9.05): "Excellent Quality for the price. Very nice edition, highly quality finish and binding. The pages are standard re-production for Shakespeare issues - but overall it is excellent value for money and is attractively bound. For those who want 'notes' and 'critiques' - look elsewhere. It is as described - leather bound edition of the complete works of Shakespeare. I love it!" ([More](#))

• **Habdu Cherski** rated this item **9/10** (3.6.06): "What can I say? Shakespeare is the man. For any of you who love Shakespeare, or just need a good reference for class; this book is amazing... not only that but you will look really intelligent if you have a thick leather bound Shakespeare book on your bookshelf." ([More](#))

Primo en línea – Boston College

The image shows a screenshot of a web browser displaying a del.icio.us profile page for 'carolinebeatty'. The browser's address bar shows 'http://del.icio.us - carolinebeatty's favorites on del.icio.us - Microsoft Internet Explorer'. The profile header includes the del.icio.us logo, the user's name, and navigation links: 'your favorites | your network | subscriptions | links for you | post'. It also indicates the user is logged in as 'carolinebeatty' with links for 'settings | logout | help'. A red notification box states: 'A verification email has been sent. It contains a link you must click in order to verify your email address. If it does not arrive shortly, you can request another one from your settings page.' Below this is a form for editing a favorite item. The 'url' field contains 'http://agama.bc.edu:1701/primo_library/libweb/action/display.do?fn=display&doc=bc', the 'description' is 'On free-form gaming', and the 'notes' field contains 'Game theory'. There is a 'save' button and a list of 'popular tags' including 'theory' and 'game'. The browser's status bar shows 'Done' and 'Internet'. To the right, a sidebar contains a 'Back to result list' link, a 'Keeping this item' section with 'E-mail', 'Print', and 'Save' options (the save dropdown is set to 'del.icio.us'), a 'Tagging' section with a 'What is tagging?' link and the text 'Ignore my search and look for everything tagged:', 'My tags for this item:' with a 'Sign in' link, and 'Everybody's tags for this item:' with a 'Tags page' link. At the bottom, a navigation bar shows '< Previous' and 'Next >' with 'Result 5' in the center. Below this is a 'Haven't Found What You're Looking For?' section with 'May we suggest:' and a link to 'similar items'. Another section titled 'Similar Items' includes 'All items by this creator:' with a link to 'William M. Jones' and 'All items on this subject:'.

Primo en línea – Iowa State University

The screenshot shows the Primo library search interface for Iowa State University. The browser window title is "Library Search - Microsoft Internet Explorer". The address bar shows the URL: http://primofe-1.lib.iastate.edu:1701/primo_library/libweb/action/search. The search bar contains the text "that contain my query words" and "anywhere in the record". The search results are displayed in a light blue box with a "GO" button. Below the search bar, there are dropdown menus for "Look for my query" (set to "All items") and "anywhere in the record".

The page header features the "e-Library@IOWA STATE UNIVERSITY" logo and navigation links: "Text Version", "Library Catalog", "Find articles", "Library Information", "How do I..?", and "Ask a Librarian". A secondary navigation bar includes "Library Search", "No-tab version", "Tags", and "Help".

On the right side, there is a "Hello, Guest" message with a "Sign in" link and a "Why sign in?" link. Below this is an "e-Shelf" button and a "To enter my workspace" link.

At the bottom right, there is a feedback form titled "What do you think about the new Library Search box?" with a text input field and a "Submit" button.

On the left side, there is a "News" section with a list of updates:

- Try our new search box, and tell us what you think
 - No-tab version
 - 3-tab version
- Current news
 - IM a librarian
 - Tax forms and information
 - Online renewal now available!
 - Library is now a member of the Foundation Center network
- Your Library -

Below the news section, there are four horizontal banners for "Collections", "Service Areas", "Classes & Tours", and "Arts".

Primo en línea – University of

The screenshot shows a Mozilla Firefox browser window displaying the University of Iowa Libraries' Smart Search page. The browser's address bar shows the URL: http://smartsearch.uiowa.edu/primo_library/libweb/action/search.do?vid=uiowa&reset_config=true. The page features the University of Iowa Libraries logo and navigation links such as "Hours", "Site Search", and "Ask a Librarian". A yellow navigation bar contains links for "Find & Search Resources", "Services", "My Personal Library", "About the Libraries", "News & Events", "Help", "Locations & Hours", and "Contact Us". Below this, the "Smart Search" section includes buttons for "New Search", "Tags", "Search InfoHawk", "E-journals A-Z", and "Help". The main search area has a search box with "iowa river" entered and a "Go" button. Below the search box are dropdown menus for "Limit to:" (set to "All items"), "that contain my query words", and "anywhere in the record". A dropdown menu is open under "All items", listing "Books", "Journals", "Images", "Audio Visual", "Scores", "Maps", and "All items". To the right, a "Hello, Guest" message offers a "Sign in" link and a "Why sign in?" link, along with an "e-shelf" button and the text "To enter my workspace". Below the search area, there are sections for "Smart News" and "Feedback". The "Smart News" section includes a link to "What's in Smart Search?" (September 28, 2007) and a description of Smart Search. The "Feedback" section includes a link to "Please give us your feedback" and a button to "Add Smart Search to your iGoogle page" with a Google logo.

Details [Back to result list](#)

Iowa River flood plain, Iowa City, Iowa, Nov. 25, 1933

Author: [Kent, Frederick W. \(Frederick Wallace\), 1894-1984](#) ;
Subjects: [Flood control](#) ; [Iowa City \(Iowa\)](#) ; [Iowa River \(Iowa\)](#) ; [Rivers -- Iowa -- Iowa City](#) ; [University of Iowa](#) ; [United States -- Iowa -- Iowa City ; 1920-1930](#) ; [Town](#) ; [Civil Engineering](#) ; [Nature](#) ;

Description: View of Iowa River along Riverside Drive, where Art Building now stands. Material was dumped here for the purpose of raising the land in order to improve the west flood plain. This was previously the main channel of the Iowa River, which was shifted to the east.

Related Titles: [Iowa City Town and Campus Scenes Digital Collection](#); [Frederick W. Kent Collection of Photographs, 1866-2000](#);
